

Tohoku University
Graduate Program for Integration of Mechanical Systems
(GP-Mech)

Application Guidelines – Fall Enrollment, 2022

Graduate School of Engineering
Tohoku University

1. Number of Accepted Students

The Graduate Program for Integration of Mechanical Systems (GP-Mech) will accept 10 graduate students for the enrollment of October 2022.

2. Qualifications of Application

(a) Those who are in one of the following graduate schools of Tohoku University at a first-year or second-year of Master's Program or a first-year of Doctoral Program, as of October 1, 2022.

Graduate School of Engineering

Graduate School of Information Sciences

Graduate School of Biomedical Engineering

Graduate School of Environmental Studies

(b) Applicants must have a clear plan for a doctoral research project related to mechanical system integration under international collaborative study, with a recommendation from their current academic supervisor.

- Since the GP-Mech provides integrated education throughout the two-year Master's Program and three-year Doctoral Program, those who do not intend to go on to the Doctoral Program are not eligible to apply.
- Those who are already enrolled in the Doctoral Program at the time of application are not eligible to apply.
- In addition to this program, it is possible to apply for multiple degree programs. However, if you have passed multiple programs and wish to take them simultaneously, the acceptance of the program(s) is carefully considered depending on the individual case.

3. Application Procedure

- Application period: from Wednesday, August 3 to Thursday, August 18, 2022 at 5:00 pm
- How to submit: by email to gp-mech (at) grp.tohoku.ac.jp.

A recommendation letter (strictly enclosed) should be submitted to the GP-Mech office in A02 building, Aobayama-campus. It can be delivered by the applicant's supervisor or laboratory staff.

4. Application Documents

Applicants should submit the following documents within the application period.

- 1) Application (Form A)
 - 2) Statement of Purpose (Form B)
 - 3) Recommendation Letter (Form C) from the applicant's current supervisor (in a sealed envelope)
 - 4) Academic transcript (undergraduate, and graduate if applicable)
 - 5) A photocopy of a score sheet of English proficiency tests (TOEFL®Test, TOEIC®, IELTS, etc.)
- Attach translation in Japanese or English if documents are provided in a language other than Japanese or English. (The applicant may translate the documents.)
 - If it is difficult to submit the originals, the GP-Mech Office may accept photocopies or electronic copies of documents. Please consult the office.
 - Incomplete application documents will not be accepted.
 - Once submitted, application documents will not be returned.
 - TOEFL®Test, TOEFL iBT®Test, TOEFL ITP®Test, and TOEIC® are registered trademarks of Educational Testing Service (ETS). This program is not endorsed or approved by ETS..

5. Selection Method

Applicants will be screened based on the application documents and interview.

The interview will be conducted during the period from Wednesday, August 24 to Monday, September 5, 2022.

The detailed arrangement of the interview will be sent from the office by e-mail.

6. Result Notification

The selection result will be e-mailed to each applicant by Thursday, September 15, 2022.

7. Financial Support

To attract excellent students from inside and outside of Japan and to develop internationally active postdoctoral human resources, Tohoku University provides financial support to the Program students in the form of a research assistant (RA) salary

or overseas study expense aid. Support is also intended to allow the students to plan and engage in independent, creative research projects. The amounts of support will be determined based on the rules of Tohoku University and the guidelines of the program. Please note that the RA salary will only be provided to those who are in the second year of the Master's Program or in the Doctoral Program.

If currently receiving other financial support, please consult with us.

[Note] The program students are requested to apply for the Research Fellowship for Young Scientists (DC) program of the Japan Society for the Promotion of Science.

8. Program Completion Requirements

To complete this program, students need to satisfy the requirements specific to the GP-Mech in addition to the general degree requirements of their graduate school.

Please refer to the links below for curriculum and degree conferral requirements.
